

Sunshine Village

Snow Report

Reported: Monday February 8, 2010, 08:02AM

Conditions:

With **0** cm of new snow in the past **24** hours we are currently sitting at **12** cm in the past **7** days! Skiers and riders have one more reason to jump for joy at Sunshine Village - the second half of our Rogers Terrain Park is now open. The Grizzly Terrain Park includes three hips, a small jump, nine rails and boxes, a wall ride and the Bumblebee our Black and Yellow water tank that has been reused in the lower half of the park. The completed Rogers Terrain park now offers 50 features for Skiers and Riders to jib, ride, slide and jump! Tin Can Alley off of Wawa lift is closed all day for race training. We would like to thank everyone for helping us to support our young athletes.
